Frequently Asked Questions

Are you qualified in photography?

Yes, we are qualified Master Photographers (MPA) and hold MPA Diplomas in Photography Practice, so you can be confident that our company operates to the highest standards of the Master Photographers Association. We are also qualified photographers with the Royal Photographic Society of Great Britain (RPS).

What's your primary style of photography?

We prefer what's known as reportage photography, which means we capture you and your guests at your most natural to create a true account of your day, rather than focusing too much on heavily posed shots.

How do you tend to work?

Reportage style goes hand in hand with being discreet - our aim is to ensure that you and your guests don't realise that photographs are being taken (aside from traditional group shots). This is of particular importance to us: the less noticeable we are, the more relaxed you and your guests will be, and this will be reflected in the beauty of your wedding pictures.

Can we meet you and see examples of your work?

Absolutely - you're welcome to meet with us for an informal chat, and we'll be delighted to show you examples of our wedding packages.

How do we book Taylor Made Photography for our wedding?

Simply email info@taylor-made-photography.co.uk or call 01202 232103 to check if we're free on your day - if we are, we'll ask you to complete a booking form and terms & conditions form, and return these with your deposit of £100.

What happens next and when does payment become due?

We'll confirm your booking in writing and keep in touch with you regularly via email. Around two months before your wedding we'll confirm final details with you (addresses, timings, photographs, upgrades etc.) and once these have been confirmed we'll send your final invoice, which is due two weeks before your day.

How soon can we see our wedding pictures?

You won't have to wait long! You'll be able to view your wedding photographs within just a few days of your wedding; we'll send you a link to your online gallery, along with a username and password which you can forward to friends and family to view at leisure.

How soon will we receive our wedding disk and photobook proof?

Your disk will be forwarded to you via recorded delivery within two weeks of your wedding. Your photobook proof will also be ready to view within a fortnight. Once any changes you have requested have been made and accepted, your photobook will be ordered and you can expect to receive it within a few weeks.
